## The New Michigan Business Tax - What Is It and How Does It Affect Your Business?

Now that the Michigan Legislature and the Governor have enacted a replacement tax for the Michigan Single Business Tax, you need to determine what this new tax means for your business.

What is in the almost 200 pages of legislation? How does the tax affect your business bottom line and what changes does your company need to make to implement it? How does the tax compare to the SBT? What are the timetables and deadlines for implementation? What steps should you take to transition to this new tax?

For answers to these questions and more, please join us on August 2, 2007 from 12:30 pm to 2:00 pm EDT for a live webinar which will assist you in sorting through this new business tax.

Presenters for this webinar include June Summers Haas, Partner and Mark Hilpert, Tax and Economic Incentive Manager, Honigman Miller Schwartz and Cohn LLP. Ms. Haas is the former Michigan Commissioner of Revenue, and Mr. Hilpert is the former Michigan State Tax Commission Chair.

Both presenters have been intimately involved in the legislative process leading up to the enactment of this new tax and can provide valuable insight that will help your business understand what the bill really means. This webinar will allow for your live interactive questions.

Space is limited to 150 participants. To reserve your spot, click on the link below and complete the registration form. Detailed instructions on how to log in and participate in the webinar will be provided upon registration.
